Dear Lisbeth Sylvestre, ecoBETA Denmark

I would like really to thank you for the very high quality products you have installed in our property, I am delighted to inform you that by installing ecoBETA water saving devices we reached about **25% saving** in our monthly water consumption.

Again, thank you and very best regards

Mohammed Fadl

Dear Lisbeth

For your information, we have reach the following results in water saving:

Work camp 27 %

School 36 %

Kindergarden 38%

Medical clinic 20%

That is only some of the measured resultants from all the ecoBETA retrofit installed, and after now more than 2 years we have not received any complaints.
