---

### From Hong Kong

1. The ecoBETA valve is very intuitive to use. It is almost impossible to make a mistake thus wasting water.
2. The valve has very few moving parts making it very reliable. Not a lot that can break.
3. The USP is "plug & play". It can be installed by anyone, with no tools and without having to remove the toilet tank.

### From California USA

1. I am fascinated by the simplicity of the valve
2. The ONLY true water saving flush valve
3. The only Flush Valve where even a non-engineer can install it in less than 5 minutes
4. Nothing Betta' than ecoBeta.....

**Mats Dannerstedt** , Consultant for water conservation.  
10 Regalo Drive, Mission Viejo, CA 92692. USA

### From Germany

ecoBETA Ventile funktionieren so einfach, dass sie faszinieren.  
Endlich ein System das genial, robust und intuitive ist.  
Einfachste Bedienung macht das Wassersparen zum Spaß.  
Selbst die bequemsten Benutzer sparen jetzt Wasser.  
Eine Fehlbedienung ist ausgeschlossen.  
und: es werden keine teuren Installateure zum Einbau benötigt.

### From Dubai

MEET Environmental Solutions has been working with ecoBETA for over 5 years in the GCC. Our confidence in these products is marked by our 5 year warranty to all our clients. In the 5 years we have been installing the ecoBETA dual flush we have not encountered a single problem with this high efficiency water saving device. Our clients are very pleased with the ease of use and the savings they are benefitting from.

We look forward to our continued work with ecoBETA, saving water for the next generation!
